AP Solver6 #1: Sketch & Write: Gratitude & **Wonder**

Sketch & Write:

Use **NOUNS** (Who & Where) & **VERBS** (Action) to share an experience when you (or someone else) were teased about your **WONDER**. Where were you & what happened?

Reflect:

We have **COMPASSION** when we care about other people's feelings and want to help them. **Draw or Write** about how your experience made you feel (or how you think the person you saw being teased about their wonder probably felt). How could this event have been handled with compassion or kindness instead?
