## ADDYSON WITH SURFRIDER OCEAN FRIENDLY RESTAURANT ACTIVATION SPEECH (FOR ALL AGES)

\*\*\*Use this tool to activate your local restaurants!\*\*\*

Hi! My name is [Addyson! I'm a 2<sup>nd</sup> Grade Girl Scout and 5 Gyres Ambassador.] I'm concerned about how plastic pollution is hurting our planet. We all have a part in regenerating the health of these habitats, so I'd like to ask you to visit the [Surfrider Foundation's Ocean Friendly Restaurant Guide](#) to help you do your part, successfully.

Plastic pollution is hurting the beaches we play on, the oceans we swim in, the animals we love and finding its way to our plates through the food chain.

Business' need to work with consumers to solve these problems and Surfrider has done a lot of work to make that easier for restaurants.

I hope you'll consider joining their growing network of responsible restaurants! Your effort can make a big impact, if we all work together!

Thanks for helping save the planet I'm going to inherit from you!!

I can email you the link if you would like?
