

“A community partnership that helps build GOOD PEOPLE who DO GOOD things.”

DEAR [CITY LEADER]

Hi! My name is [YOUR NAME HERE] and I live in [YOUR CITY/TOWN HERE]. I am [age] years old.

I'm writing today, to thank you for your consideration and action toward plastic pollution. I know that corporate responsibility, consumer lifestyle & waste management all play a role. As a child who will inherit this big blue planet, I care deeply about the health of our oceans, coral reefs, animals, beaches, global community and the impact plastic pollution is having on these and the places where I live and play. I KNOW that we all MUST TAKE ACTION NOW.

I also, know that you have decision power over policy that impacts plastic pollution & the corporate & consumer-responsibility for its lifecycle, which is something I participate in clean-up efforts for. The best solution is to STOP plastic pollution at its source. This requires business', consumers and communities to work together. I hope that your decisions will guide business' in our communities to enact responsible practice, seek packaging solutions that redesigns plastic with its full life cycle in mind, requires business' to be responsible for where their plastic waste ends up and helps consumers with more responsible, plastic-free choices in packaging and products.

I know that your decisions and actions can make a difference for the health of our beautiful planet earth and all who live here. I wanted to let you know, I THANK YOU for your leadership on behalf of ALL OF US YOUNG PEOPLE who will be greatly impacted by your decisions. We need more elected officials like you, who will stand up for the ACTION NEEDED NOW that will clean up and REGENERATE a healthy planet and ocean... because without a healthy ocean, we won't have anything to inherit at all.

Work with your adult mentor to find out, policy that is making positive impact on plastic pollution or may need support to have impact, and you can mention how YOU FEEL about it here. Your voice matters.
